Alexandria, VA 22313-1450

In response to the Notice of Allowability dated October 19, 2006 and the Interview Summary provided by the Examiner, Applicants acknowledge that a telephonic interview occurred regarding the above-referenced Patent Application on October 13, 2006. Participants of this interview were Examiner James Orville Hansen and Eric T. Krischke.

During the interview, an agreement was reached to place the application in condition for allowance. More specifically, the Examiner suggested preparing an Amendment that would overcome a minor antecedent basis issue in Claim 6. Claim 6 was amended by the Examiner's Amendment and the Patent Application was placed in condition for allowance.

Respectfully submitted,
